

## Best Thing

You promise to sustain  
I'll never thirst again  
You have poured Your Spirit out on me  
Your grace has set me free  
Eternal guarantee  
Forever I can know that I am Yours  
Washed in the water  
You've drawn me towards the Father's side  
Declared a son or a daughter  
Your love is abundantly supplied

*This is the best thing that ever happened to me  
Cause you are everything  
You're more than I'll ever need  
You're the well spring  
And You've invited me to drink here for free  
Love everlasting emerges from You alone  
It's overflowing  
And surging down from the throne  
No more searching  
This source of joy will always satisfy me*

This love so overwhelming  
Lifts me to worship the King  
I'll spend my life enjoying Him
