

Resolve

I resolve to give it all
Holding nothing back from You
Trusting in Your faithfulness, my Lord
Keep me in Your love, I Pray
Give me grace to walk with You
Lead me in the way of righteousness

*All I need is found in You
The One who gives me life
The lover of my soul
You have become my salvation
My wisdom from God*

You are such a faithful friend
You will never do me harm
Thank You for the love You have for me
Draw me after You today
Teach me how to be like You
Show me how to love the way You do
